

Voting for the £3 billion Transport Innovation Fund starts on 25th November. A yes vote would massively increase the quality and quantity of public transport and opportunities for cyclists. Cleaner, cheaper and more convenient public transport options will take cars off the road and make cycling safer and more enjoyable. Come with us on a ride round the whole of Greater Manchester and dare to dream what it could be like.

TOUR OF GREATER MANCHESTER
TOUR DE TIF

8.30-10.30am 29th NOVEMBER

from Swinton Town Hall to Manchester Town Hall via the town halls of:
Wigan, Bolton, Bury, Rochdale, Oldham, Ashton, Stockport, Altrincham, Sale and Trafford

TOUR OF GREATER MANCHESTER

TOUR DE TIF

The start will be at Swinton Town Hall, (officially called Salford Civic Centre), Chorley Road, Swinton, Salford M27 5AW. The finish, 80 miles later will be at Manchester Town Hall, Albert Square.

There'll be 3 groups to cater for all abilities (within reason) so whether you're a club cyclist, a leisurely tourer or a dawdling commuter there should be a pace to suit. If there isn't then there's a web page here: www.cleanairnow.co.uk, where you can find out the estimated time of arrival at each town hall for each of the 3 groups.

The slowest group will set off at 8.30, the middle group at 9.30 and the fastest group at 10.30. There'll be a broomwagon too to pick up those that can't go on any further and either fix their bikes or drop them off at the next railway station.
